Dear Friends,

As we step into a new year, our hearts are filled with gratitude for God's faithfulness and for each of you who walked alongside Georgia Mountain Pregnancy Center Medical this past year. Because of your prayers, generosity, and unwavering support, lives were touched, hearts were softened, and hope was offered in moments of uncertainty.

In the past year alone, GMPC Medical provided **228 appointments**, serving **160 individual clients** who courageously walked through our doors seeking answers, compassion, and truth. Among them were **14 known abortion-minded clients**, each facing deeply personal and often overwhelming decisions.

By God's grace, **at least 12 babies were saved**, and countless others were given the opportunity to experience a safe place where they were heard, valued, and loved. Every appointment was an opportunity for truth to be spoken with gentleness, for fear to be met with compassion, and for life to be affirmed.

Most importantly, **the Gospel was presented to every client**, and the love of Christ was shown to every woman who came to us. Whether through a listening ear, an ultrasound image, prayer, or practical support, each encounter reflected our commitment to share hope that extends far beyond a single moment or decision.

### **Staying Connected: Donor-Specific Social Media**

In 2026, we are excited to introduce donor-specific social media platforms designed to help us stay connected with our supporters in a more intentional and timely way throughout the year.

These platforms will be used exclusively to communicate with **donors and ministry partners**, allowing us to share ministry updates, impact stories, prayer requests, event information, and behind-the-scenes glimpses of how God is working through GMPC Medical. This content will remain **separate from our patient-facing social media**, ensuring appropriate boundaries while creating a space specifically for those who make this mission possible.

Our hope is that this platform will strengthen communication, deepen transparency, and help our donors feel more closely connected to the life-saving work they are supporting. You are able to locate and follow our social media handles by searching “Save the tiny humans” on Facebook and @savethetinyhumans on Instagram.

As we look ahead, we do so with confidence—confidence that God will continue to use this ministry to transform lives, confidence that every “yes” to life matters, and confidence that together, we are part of His redemptive work.

Thank you for being a vital part of this mission. Your partnership truly makes an eternal difference.

With sincere gratitude and hope for the year ahead,
